## EDUCATION

---

### **The University of Texas at Austin    May 2020**

*Bachelor of Science in Computational Engineering, Elements of Computing Certificate*

- GPA: 3.77/4.00
- Use and apply engineering fundamental concepts to create computerized mathematical models that provide modeling and stimulation to solve engineering design problems.

## ACADEMIC EXPERIENCE

---

### **Introduction to Scientific Programming Final Project    Fall 2017**

*Stimulation of the Spread of an Infectious Disease*

- Using C++, created a program that randomly infected an individual in a population and used concepts of probability to determine whether the infection was spread by simulating random interactions.
- Translated information into visual representation using MATLAB color graphs based on scaled values outputted from the stimulation program.

### **Engineering Graphic and Design Semester Project    Fall 2017**

*The Reverse Engineering of a Ratchet Pepper Grinder*

- Collaborated with group project members to deconstruct and analyze the parts and sub-systems of a ratchet pepper grinder's mechanical system.
- Digitally reconstructed a 3D model of the product using SolidWorks.
- Presented a proposal that contained five suggestions for the product's improvement.

## EXPERIENCE

---

### **Panhellenic Delegate for the Delta Chapter of Alpha Delta Pi    December 2018-Present**

*Executive Board Member*

- Serve as a liaison between Alpha Delta Pi Sorority and the University Panhellenic Council.
- Advocate and promote chapter involvement in Panhellenic activities.

### **The University of Texas Department of Aerospace Engineering    May 2018-Present**

*Peer Academic Advisor, Lead Peer Advisor for Computational Engineering*

- Serve as a volunteer resource to provide information and advice on coursework and registration to students.
- Ambassador for the department by leading tours and information sessions for prospective students

### **Lifetime Fitness (Austin, TX)    December 2015 - Present**

*Kids Activities Supervisor*

- Providing an educational and engaging experience for members between the ages of 3 months to 11 years.
- Maintain operations binder for bi-weekly corporate audits, help create a schedule with over 40 team members and train new team members.
- Oversee kid's activities spaces and address concerns about facility policies and rules.

## HONORS & ACTIVITIES

---

**University Honors    Fall 2016, Spring 2017, Fall 2017, Spring 2018**

**Member, Order of Omega (Iota Pi Chapter)    Fall 2018 - Present**

**Member, Association of Computational Engineers    Fall 2018 - Present**

**Member, University of Texas Gateway Scholars Program    Fall 2016 - Present**

**Member, University of Texas Cheer (All-Girl Team)    2016-2017**

## SKILLS

---

**Computer Languages:** C++, Python, MATLAB

**Experience With:** Microsoft Office, Solidworks, Linux, Markdown

**American Red Cross CPR, AED & First Aid Certification Instructor**

**CPR, AED & First Aid Certified**
